

HEALTH FOR ALL WOMEN

Why Lose the Bouyancy of Youth? Whether Young or Old—Every Woman May Be Healthy.

To LOOK well and FEEL well, you must be WELL. To do this, you must keep the mechanism of your body in perfect running order.

A woman's constitution is far more intricate and delicate—more easily injured and disarranged—than the mechanism of the finest watch. Yet no one would think of allowing a watch to get all out of order before repairing or cleaning it.

How many young ladies there are, who pay no attention to the first symptoms of diseased organs. Pains in the back, head, abdomen, right or left side, and sometimes in the hips and lower limbs, tired and languid feeling in the morning; worn out and distracted nerves, leading to a cross and petulant disposition. Natural color fading from the cheeks, the light and lustre from the eye, the once pleasant smile from the face—all these going or gone. What does it mean? Simply that some one or more of the delicate organs are not performing their work as they should.

Nature needs some assistance. These aches and pains—although slight at first—are danger signals, and you ought to heed their warnings before the trouble becomes chronic and disease gets a firm hold on your system. A nerve-tonic and strength-builder—the best you can get—is what you need at such times. Zoa-Phora is just that; ladies—lots of them—who have used it, say so. We know it is so because Zoa-Phora is made for women—all women—old and young, and has a successful record for thirty years. We want you to know this too by a thorough trial of Zoa-Phora in your own case. Whether you are slightly ailing

from periodical sickness, or suffering from some form of womanly weakness in a more serious degree, Zoa-Phora will help you. Thousands similarly afflicted have been cured by its aid, why not you? The record of what Zoa-Phora has done for women is proof of its virtue. The Zoa-Phora Co., Kalamazoo, Mich., can send you books of testimonials containing the names of hundreds of women who are glad to recommend Zoa-Phora to their suffering sisters.

If the delicate organs are congested, relaxed, displaced, or in any way diseased, and do not perform their duties properly and regularly, Zoa-Phora will restore them to their normal activity. The vital force known to a healthy woman will return and there will be joy in living.

Thousands of women—not hundreds—my sister, attest the fact of the restoration of their health by the use of Zoa-Phora. Ask some of your lady friends about Zoa-Phora. Better still, go to a reliable druggist and get a bottle, begin its use according to full and complete instructions in each package. You will receive Zoa-Phora from the druggist already prepared, compounded in just the right proportions, and put up in sealed, sterilized, one-dollar bottles. Just ask for Zoa-Phora—no other explanation will be needed—and no mistake will be made.

In each package will be found a copy of "Dr. Pengelly's Advice to Women," a medical book giving interesting and instructive information about all diseases of women, and the way to successfully treat them in the privacy of your own home. You need not tell your troubles to any one.

CLAIM ADJUSTED

(Continued from First Page.)

charges based upon my interpretation of the law relating thereto and as interpreted by other Probate Judges.

When I entered upon my duties as Probate Judge, I found the details of the office as to the arrangement of the same, the filing of papers and cases, in a very much disordered and disarranged condition—so much so that it was almost impossible to find any papers in the office. I thereupon brought the matter of the condition of the office to the attention of the County Commissioners of Wood county, Ohio, and Prosecuting Attorney, and the office was examined by the Commissioners; and after such examination I was authorized to go ahead and place the same in a presentable and convenient condition for the handling of the business of the office.

I was to refile the papers that had not been filed by my predecessors and complete the general index in the office. This I did as ordered by the County Commissioners. There is now in the office an index of every case, cause and proceeding in said Court, every administration of estate, every guardianship, every trusteeship, every assignment, every will, every lunacy, every case of epilepsy, every adoption, every case of a boy being sent to the Boys' Industrial School, every case of an examination of a girl sent to the Girls' Industrial School, every partnership, every act of execution, every habeas corpus, every proceeding in the sale of real estate, every divorce case, every civil case and every criminal case had in said court.

The work of making this general index required nearly three years of indefatigable labor and the most painstaking care. I performed all this work in good faith, relying upon the order of the County Commissioners and the advice of the Prosecuting Attorney to go ahead with it.

The State Examiners have said in their report that I had drawn out of the Treasury of Wood county, Ohio, \$523.60 for the refiling of 206 guardian cases, 477 cases of wills, assignments, lunacy, epilepsy, adoption, Boys' and Girls' Industrial school, criminal and miscellaneous cases, as sorting and filing 10,277 marriage certificates, as sorting and filing 9,220 miscellaneous bonds, as sorting and filing 14,711 birth and death reports and miscellaneous applications and petitions, indexing in the name of the ward upon the Guardians' Docket and general index, 1651 cases, recording 47 wills and as sorting and filing 5,490 miscellaneous papers, consisting of election contests, civil suits, saloon licenses, naturalization, partnership and foreign cases.

The only objection made to the drawing of this money for such services is merely technical. The Examiners claim that I should collect

these fees from my predecessors, and because some of the papers were filed alphabetically instead of consecutively. Upon a careful reading of the section of the statutes providing for this class of work there is no such requirement as suggested by the Examiners, but to avoid any dispute I have complied with such suggestions although the manner in which I had performed the work complied with the statute, and is far more convenient.

Upon a careful examination of the law, you will find that the drawing of the money from the treasury is not illegal and is fully warranted by the provisions of the statutes.

I am willing to aid the Commissioners in any way to adjust these matters with as little expense to Wood county as possible, and by making the proper certificates, if any are required. The State Examiners further found that I have withdrawn from the County Treasury the sum of \$251.43 fees in lunacy, feeble minded, epilepsy, boys and girls' industrial cases, inspection of the County Treasury, School Examiners and searching records which they state the statutes do not allow. As to lunacy cases, the records will show that my fees were \$3.00—less per case than that of my predecessors. As to the appointment of School Examiners and Inspectors of the County Treasury, the records will show that every Probate Judge has charged and received fees for this work since the organization of the county.

As off-setting this small claim of \$251.43, if it is a claim at all, I have the work of making the general indexes, which amounts to the sum of \$1,414.24; transcribing three volumes of will records, amounting to \$329.68; per centage on money turned into the County Treasury, the sum of \$55.21; making judicial statistical reports for four years, \$16.75; or a grand total of \$1,815.88.

Under these circumstances and situation, I court an adjustment of these claims on the part of both, and if an adjustment can not be had, then I demand that an action be brought to determine the validity of the claims set forth in the report of the State Examiners.

Very respectfully submitted,

J. C. LINCOLN.

Whereas said board find that in addition to the items of claims found by the State Examiners, as set forth in said application there was a finding of \$89.95, being unclaimed moneys in the hands of the Probate Judge, at the time examination was made and which had not been certified into the County Treasury, and that since said report was made, a portion of the same has been paid to the parties entitled thereto and the remainder turned into the Treasury of Wood county, Ohio, by said Probate Judge; and

Whereas, Section 533-1 of the Re-

vised Statutes of the State of Ohio, provided that as to the claim of \$533.60 for filing certain cases, as sorting and filing certain certificates, cases and indexing which had been arranged alphabetically, the same should be filed in the order of their dates, and as said alphabetical filing did not comply with said section and which fact was the principal cause of the finding by the Examiners of a great portion of said claim; and that since the filing of said report of the State Examiners the said J. C. Lincoln as Probate Judge has rearranged said filing so as to comply with the provisions of said section, and is therefore entitled to credit for said amount; and

Whereas, as to the claim of J. C. Lincoln, Probate Judge, of \$329.68 against Wood county for transcribing three volumes of will records the Board find that this work was ordered by the County Commissioners as appears by Journal 6, page 351, and that said claim of \$329.68 is a valid claim against the county as per section 922 of Revised Statutes of Ohio; and

Whereas, as to the claim of J. C. Lincoln, Probate Judge, of \$55.21 for percentage on money turned into the County Treasury, the Board find that this is a valid claim against the county as per section 1340 of the Revised Statutes of Ohio; and

Whereas, as to the claim of J. C. Lincoln, Probate Judge, against the county of \$16.75 for making Judicial Statistical Reports, the Board find that this is a valid claim against the county, as per section 547 and 1250 of the Revised Statutes of Ohio; and

Whereas, the Board find as to the making of the general index, that the work has been actually performed by the said J. C. Lincoln, Probate Judge, and that the same is very valuable to Wood county (as stated by the State Examiners in their report at pages 122 and 123); that the judge and his office force have worked on the same for nearly three years; that it now is completed and is being kept up in said office.

That \$1,414.24 as stated in application filed would be only a fair and reasonable compensation to Judge Lincoln for making said index, but as there is no statute requiring such index to be made, we are, therefore, without authority to allow compensation for making the same.

Therefore, Be it Resolved, That the valid claims and credits of said J. C. Lincoln, Probate Judge, as above set forth be accepted and allowed by the Board in full satisfaction and payment of all claims of Wood county against said J. C. Lincoln, Probate Judge, arising out of the report of said State Examiners, and that said satisfaction and payment shall be accepted by said J. C. Lincoln, Probate Judge, as settlement and payment in full of all claims against J. C. Lincoln, Probate Judge, be, and the same hereby are fully released, satisfied and discharged.

Upon roll call the members of the Board voted as follows:

M. R. Gorrill, vote, Yes.

W. W. Long, Yes.

W. W. Sockman, Yes.

JOSEPH C. LINCOLN.

Accidents will happen, but the best-regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts.

PLAYING GOOD BALL

(Continued from First Page.)

You must not forget that the Prairie Depot Crescents will play here Labor day at 2:30 p. m.

On September 15 the home team will journey to Richfield Center to play their old rivals and on Sept. 29 the Richfield Center boys will be here to play a return game.

The Perryburg second team defeated the Maumee second team in a very close and well played game by the score of 8 to 7. The game was played last Sunday before the Perryburg-Bowling Green game at the ball park.

Next Sunday the Perryburg ball team will meet the strong team from Rudolph. They were the champions of the county last year and play first class ball. If Perryburg can win this game they will then have a stronger claim to the championship of the county. The game will prove to be very interesting and close and will be well worth going to see. General admission 10c; grand stand 20c. Charles will pitch the game against Rudolph.

Criger, the new catcher, is playing a good game both in hitting and catching.

Ohio Central Lines Bulletin.

Michigan Immune Hay Fever Regions.

Northern Michigan is a land of extreme beauty and exceptionally healthful; sanitary conditions and a healthful climate free from malaria and the like. The Ohio Central Lines have on sale every day low rate excursion tickets to Northern Michigan summer resorts where a quiet life may be found in well conducted inns or cottages, the expense being within reach of a moderate purse.

Ohio Day at the Exposition

A special program for the occasion, The Exposition is now at its best and the best way to reach there is by way of the Ohio Central Lines in solid through train without change from Toledo and Columbus through the grandest scenery east of the Rockies. The Ohio Central Lines have on sale every day low rate excursion tickets and on every Tuesday and Friday a special low rate of \$12.00 is made with a limit of ten days; also tickets on sale every day good returning via New York and Boston. All tickets good via Washington.

Columbus Excursion. Excursion rates to Columbus via the T. & O. C. Ry. Sunday, August 25.

GREAT CONCRETE BRIDGE

(Continued from First Page.)

gaging in the famous battle of Fallen Timbers, in 1794 moved his Indian fighters across the rapids at the identical spot marked for the supports of the bridge his men resting on the island afterwards was given the name Roche de Boeuf in memory of an Indian chief who, according to the legend, by a show of forgiveness lured his eloping daughter and her husband to the island and put both to death. Roche de Boeuf, it is said was once an island of considerable area, on which a large band of Indians maintained their wigwams and held their councils, but time and the turbulent waters have done their work, and now there is nothing but a great jagged rock covered with moss and a bit of stunted shrubbery.

Roche de Boeuf is not being desecrated so much by the onward march of commercialism as was anticipated when the right of way was secured by the company. In fact, the bridge will not span the rocks at all. The nearest approach to desecration lies in the fact that one of the central piers will rest on the easternmost point of the rock, which juts out for some distance beneath the eddying waters. Roche de Boeuf proper is not to be molested. It is to remain intact, to be pointed out to patrons of the railroad as one of the most interesting things to be seen along the road, and as one of the most beautiful scenery of the upper Maumee valley.

The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by Wm. Constock & Son, druggists. 50c.

INCREASE THE VALUE OF YOUR PROPERTY

Mark the contrast caused by PAINT. Observe the barns in your own County. On one side you see a dreary, dilapidated, "scabby," weather-beaten, run down, unpainted structure; on the other, a barn that PAINT has made bright and handsome; enduring, well preserved and prosperous looking—a barn that reflects the foresight of its owner.

PITKIN'S BARN PAINT is long-lasting and low-priced—only 85c per gallon. It is ready to use; fine, smooth, uniform, bright and fast color. It is guaranteed to stand five years of weather-wear under any circumstances, but wear even longer if put on under proper conditions.

FREE We know that a man progressive enough to read a farm journal knows the folly of neglecting his property and realizes the value of GOOD PAINT. We want to send you a free trial can of our expensive, but the most perfect, paint-makers of the West, and for color cards and information all intending painters should know. We want to hear from you. Write for it today to the pioneer painter, PITKIN'S BARN PAINT, so you can get his Guarantee in addition to ours, and you'll have to pay for Paint only once in the coming five years.
